

TELEPHONE COURTESY : **THE ROYAL CONNECTION**

Key focus

1. Take and direct any call with confidence and efficiency
2. Prepare for and make any call effectively
3. Determine and achieve the goals set for the call
4. Effectively trouble-shoot any problems arising during the call
5. Adopt appropriate English Language structure and professional usage for this means of communication

Who will benefit

This course is vital for personal assistants of directors and secretaries, telemarketers or executives who liaise on the phone daily. Telephonists are usually the first introduction anyone has to a company and it's services. Anyone who works at the front-line of a company using this medium of communication will definitely benefit from this course.
